

The International Program of the Rodman Scholars
 Invites applications for the first-ever offering of this
 summer study abroad program

Application Deadline: Feb 1, 2010

ENGR 2595 New Perspectives and Skills Through Cross-Cultural Engineering Design (3 cr)

May 18 – June 2, 2010

Technical University
 Braunschweig

Volkswagen AG -
 Wolfsburg

BERLIN

DRESDEN

*Includes academic
 excursions to
 Dresden (2 days) and
 Berlin (3 days)*

In partnership with the Technical University Braunschweig, this UVA course provides an intensive 'think-tank' experience working in small, cross-disciplinary teams to solve an engineering design problem identified by the VW Group's research center in Palo Alto. A unique global engineering experience offering unparalleled access to the technological, political and cultural context of engineering for the 21st century.

**includes
 internship
 opportunities
 with
 Volkswagen
 Group of
 America**

VOLKSWAGEN

GROUP OF AMERICA
